Subject: RE: Confidential RE: Compenso Proposal

Paul,
Thanks for your quick reply and comments on our draft letter. There still seems to be some apparent "misunderstanding" of the disclosures Brian thought you had made to-date to him with respect to both the Mayor and the City Clerk. He was under the impression that you had made disclosure to and received clearance from, the City Clerk, that under the Municipal Act there was no conflict for you to work for us leading to or on a potential RFP of Collus and that you had received written confirmation of same from the City Clerk. Given that you had direct discussion with Brian regarding this it may be best for you to give him a quick call so that we can sort the wording out and get on with you supporting us on this exciting project. Thanks again for your co-operation on these matters,
John

Hi John:

Thank you for having the documentation prepared in such an expeditious manner. Both documents are in keeping with our discussion and approved on my behalf.

I am the President of Compenso Communications Inc and I do have signing authority on behalf of the corporation. There is one small correction required in the disclosure paragraph related to "notice to the Clerk". The paragraph is correct in its assertion that the Mayor has been informed and has subsequently agreed to provide written confirmation to Powerstream. I have not formally engaged with the Clerk or any other municipal staff on this matter at this time. Brian and I had discussed participating in a meeting with several Municipal and LDC officials from the Town of Collingwood and Collus at a date and time to be determined should the Municipality announce an RFP.

Regards,

Paul
