Brian,

As per our discussion, please find attached our information package which includes images of the box packaging (pgs 1,2) our brochure in both English and French (pgs 3,4) and two FAQ / Answer pages (pgs 5,6).

As for pricing:

orders < 1,000 - \$175/unit  
1,000 - 5,000 - \$165/unit  
+ 5,000 - \$155/unit

We at International Solar Solutions Inc. very much appreciate the opportunity to be in business with Horizon Utilities and look forward to the possibility of a long and fruitful relationship together. Please do not hesitate to contact me with any further questions or comments - our website is also a good source of information ([www.isolarsolutions.ca](http://www.isolarsolutions.ca)). As discussed, we can produce a formal proposal on demand.

Cheers,  
Alec

**Alec Young**
