Hi Brian:

I have had the opportunity to follow up on the communications strategy along with implementation. If you have time I can provide you and update on their current direction. I also have a note into John offering same to your EVP Team. On a separate note I thought you might like some clarification on your question yesterday regarding ownership of ISSI so I took the liberty of including a brief question about ownership when I followed up with Peter Budd on an unrelated matter. I left it fairly vague however you can get a clear answer when you review his response. If you start at the bottom of this page it includes my initial e-mail to Peter.

Please feel free to call if you have any questions.

Cheers,

Paul

Hi Paul.

I am available to participate in the conference call on Wednesday.

Thank you for your inquiry about ownership. I can proudly confirm that ISSI is a 100% Canadian owned share capital corporation, which is owned by Thomas Bushey (70%) and Peter Budd (30%).

We are in the process of revising our website at which time I would encourage your Alliance Partners to visit our site for a host of new information. I would also welcome any additional questions should you or your colleagues have any.

Once again, thank you very much for your continued support.

Peter Budd

Subject: Inquiry

Hi Peter;

I hope all is well in your world.

I noticed a recent e-mail from Ed Houghton attempting to schedule a conference call for this coming Wednesday. Ed has asked that I act as the coordinator as he is traveling and afraid the call might be dropped. As a result, I look forward speaking with you on Wednesday.

On a separate note, one of our LDC Alliance members was inquiring about the ownership of ISSI in terms of a Canadian Company as opposed to foreign owned. I would appreciate if you could provide clarification on this matter as your website simply identifies the title of Corporate Officers.

As always, thank you for your time and consideration.

Kind Regards,

Paul
