Importance: High

Hi Eric:

I sent some recommended changes to Denis today regarding the Information Services section. While the offer for back office support will become a reality I highly recommend removing at this time. A general offer of support will be more warmly received then telling them what we will provide. The senior person for this department is presently very supportive. I don't want us to lose that support. Please let me know if those comments are being reviewed for inclusion.

Thanks,
Paul

Attached are the latest drafts of the RFP Response. Please note that we still have some clean up to do. As you can see we have inserted pictures which still require captions. Paul, this includes several of your last recommended

changes. Our plan is to have this final by noon tomorrow and printed by end of day. Eric will hand deliver on Wednesday, November 16th.
