Hello, Ron:

I understand that you are meeting with Rick on this matter.

You are correct in saying that this was not introduced prior to the election but it was brought forward by a couple of members of council during budget deliberations for 2011.

When you are downtown, stop by the office as you will be away.

The moss doesn't grow on any of you.

Regards,  
 Sandra

Sandra,

I am around till Oct 6th when I go out to Vancouver for Thanksgiving. Back on 12th. Head south around the 20th.

I don't know what is going on with COLLUS & PowerStream but it should not be something done behind closed doors. Selling off all or part of our Utility is not something to be done lightly. It was never mentioned during the campaign and if not handled responsibly will be a very divisive local issue

RON
