Sara:

Thanks for that. I believe I said the Mayor had discussions regarding a letter but I would not speculate on whether she was involved with the drafting of the letter. I went on to say you should ask. I did not mean in any way to say that you misrepresented anything. I would not do that.

Sorry, I need to respond. It is truly my only issue with Ed's comments I did not lie or misrepresent the notes from our meeting! Ed did indeed speculate that he believed that the Mayor and Dennis had discussions regarding the letter of July 31/12 re: shared services. However, Ed did recommend that John should ask the Mayor to find out for sure, as he was not aware.

Ed ,

I respectfully and completely disagree . You specifically mentioned the mayor during our meeting and suggested that she may have negotiated directly with Mr. Nolan from Power stream the amendment to the purchase and sale agreement . you declared yourself to have had absolutely no involvement with the creation of this document and signed in ignorance and without legal or business advice .

your changes do not reflect what was actually said and the minutes cannot be changed.

No wish to argue or discuss further with you.

Thanks for all your time .

Ed,

Thank you very much for your prompt response to Saras request to ensure that her notes of the meeting were correct . you appear to have interpreted her request differently than intended . it was not an opportunity to re state what you may wished to have state but rather to ensure what was noted was correct . Clearly, you have deleted comments you made which was contrary to the opportunity presented .

We have our records and your revised version which, in my view, includes incorrect statements related to certain comments you made and includes certain comments you did not make .

Thanks ,

john
