Hi Paul

Thanks for this morning.

You were a lot cooler than I might have been with all of the suggestions and changes coming at you.....

Not sure how we got this far however I agree that we should attempt to incorporate as many of the suggestions as possible within our **time frame and budget**.

Ron

Yes. I'm at the pool and will head over shortly.

See you there.

Hey Ron:

Any chance we can get the pool building unlocked for Pinchin?

Thanks

Paul

Hey Ron:

I am on the road today. Any chance you have a large set of drawings we can use for this meeting?

Please advise.

Thanks

PW

Hi Marta

I will send out the meeting request for tomorrow to you and Dennis but please feel free to invite any staff that you feel appropriate.

The purpose will be to update staff and BLT on the servicing meeting held yesterday and to discuss the technical details of the plans to date. (i.e. incoming services, sprinkler rooms, mezzanine wall details, change rooms, etc. etc. etc.)

Thanks

Ron

Sure. Can we say 10:00am at your offices and you can bring all of the players to the table with a vested interest?

Thanks

Perfect!!!

That works well for us from a mechanical equipment standpoint. Are we meeting this week regarding the interior layouts? Also we had a good meeting this aft with staff regarding the servicing of both buildings. So far so good.....

Hi Ron..

Yes right now there is a 6" to 8" step down onto the pool deck. Essentially we would leave the mechanical only room only with the step, but demo but the entire slab elsewhere and pour new to be flush with the existing.

Thanks

Hi Paul

Is the intent to remove the entire existing concrete floor in the pool building and then pour a new slab to make it barrier free?

Thanks

Ron
