Hi Ed,

We've done some preliminary work in this area for the ice rink, there are some limitations. Will expand for the pool and I'll provide you with an update once we've compiled the info.

Good afternoon Ed

I would like to request if at all possible to have a price for a building that would enclose the complete Centennial Pool.

A building structure that I would be interested in is the building produced by Sprung Building Products.

I know that they have representatives in Ontario and they would come and price a structure.

As well I would recommend to get a price as well for one of their structures to cover the Outdoor Rink.

Sprung Building systems are used for Ice Rinks, single, double and triple ice rinks as well Swimming Pools.

These Buildings are well insulated and have a Warranty I think of 30 years

Thanking you in advance

Rick Lloyd
