I would only send to him and only say that it is positive and to give it time. Please copy or blind copy me.

Thanks

Absolutely, I will acknowledge that he may feel disappointed but that this is a positive direction for collingwood rec facilities. Are you ok with that?

Marta:

Would you feel comfortable emailing back to Joe and telling him that he has it wrong. It should be a happy day, we will get a new ice surface and a new indoor pool and this could be just the beginning of something great.

If you don't I do understand.

Thanks.....Ed

Subject: Collingwood Recreation Facilities - Announcement

Greetings to All PRC Advisory and Central Park Steering Committee members,

Thank you for all your input on the future of recreation infrastructure in Collingwood. It is a pleasure to work in a community where there is a strong commitment to our Department and the services we provide.

Last night Council approved the construction of a new Ice Arena at Central Park as well as enclosing the Centennial pool for year round use. Both facilities will be constructed from an Insulated Architectural Membrane Structure manufactured by Sprung. These new facilities will greatly expand the recreational opportunities in our community and I am extremely pleased to work on the development of these new initiatives.

I will provide more details and timelines as they are developed and I look forward to your continued contributions.

Regards,

---
