Importance: High

Hi Brian:

I am not sure if we have met during our travels so I will take a brief minute to introduce myself. I will hopefully have an opportunity in the near future to expand on that introduction.

I live in the Town of Collingwood operating a Government Relations & Communications firm servicing Clients in Canada and the USA.

I formerly served as a Member of Parliament for several years and prior to that served as a Municipal Councillor for Collingwood.

Throughout this period of time I have had to pleasure of building a extensive network of individuals/friends/colleagues throughout the Municipal, County, Provincial and Federal Governments. This network has proved invaluable in representing Clients and their needs.

Over the course of the last few years and more specifically the last few weeks I have followed with interest the situation presently being experienced by Collingwood Council. More specifically their financial situation and the need for a significant capital injection. As I reviewed options that might help Council address this need I remembered that during the time I spent in elected office the potential sale of Collingwood's Utility Services had been raised with mix emotion. It is a result of that possibility I would like to meet and discuss Powerstream's level of interest in pursuing such an option. Municipal Council is in the process of beginning their budget considerations and as a result timing is potentially a critical factor. As a result I am requesting an opportunity to meet and discuss the situation should Powerstream have a potential interest.

I can be reached via e-mail or feel free to call my cell at 17058888540.

I look forward to your response.

Kind Regards,
Paul
