Thanks very much Mark....this is very useful as it provides DM an opportunity first hand to blow our horn during review stage.
I will let him know.
See you tomorrow..
Cheers,
Paul

Paul, please see e-mail trail below. Perhaps you can subtly let the Deputy Mayor know we have taken swift action and that we are going beyond the norm to help the customer with this project. Thanks and see you tomorrow.

Update Shelly

Steve/Kim has been dealing with [REDACTED] on this project.

We were awaiting his site plan which he was well aware of. However he now informs us that there is no consultant to create the site plan!

One of those small in-between projects.....

Per today's discussions he is forwarding Kim a plot plan and we will create the drawing and move this project forward.

Hi Shelly

Steve has left message at 3:30 PM today.

I'll keep you informed.

Customer paid for transformer July 26 and we ordered transformer July 27.

I believe we are awaiting drawings as per file.

Kim will be back tomorrow morning and we will update.

This could be one of those projects customer has no consultant and does not want to hire one.
